**Bachelor in Computer Science** ,Islamia University of Bahawalpur 05/2021 – 06/2024  
Rahim Yar Khan,  
Pakistan

**Intermediate in Pre-Engineering**, Punjab Colleges 03/2018 – 05/2020  
Sadiqabad, Pakistan

## PROFESSIONAL EXPERIENCE

### Frontend React js Developer

VirtueNetz | Rahim Yar Khan

03/2024 – present

Rahim Yar Khan,  
Pakistan

- Developed fast, SEO-optimized web applications using React.js, Next.js, and server-side rendering (SSR).
- Built scalable and maintainable components in TypeScript.
- Designed responsive UIs with Tailwind CSS and Framer Motion, adding smooth animations.
- Integrated REST and GraphQL APIs for dynamic data and improved performance.
- Managed state with Redux and Context API for complex data flows.
- Collaborated in agile teams, using Git for version control and meeting deadlines.
- Integrated services like Google Analytics and Stripe for added functionality.
- Provided technical support, optimizing new and existing projects.

### Frontend React.js Developer - Internship

Mercury Sols | Rahim Yar Khan

06/2023 – 08/2023

Rahim Yar Khan,  
Pakistan

- Gained hands-on experience in React.js by working on real-world projects, starting with small tasks like debugging, UI adjustments, and basic component creation.
- Gradually took on more complex responsibilities, including integrating APIs, state management, and improving performance optimization in web applications.
- Worked closely with senior developers, learning best practices for coding, debugging, and version control using Git.
- Contributed to live projects, implementing responsive UIs with React.js, HTML, CSS, and Bootstrap, and ensuring compatibility across multiple devices and browsers.
- Quickly adapted to team workflows and project requirements, meeting deadlines and maintaining high-quality code.
